With the support of our dedicated and diverse membership, we are working to build and sustain a multifaceted year-round program of arts activities and events in Mineral County.

Our area is steeped in rich history and hosts a robust arts community... You'll find everything from traditional and historically inspired arts and crafts to unique and innovative modern art forms.

Our mission revolves around these goals:

- Promoting awareness, understanding, and appreciation of visual and literary arts in the county;
- Encouraging economic development and tourism by advocating for the Arts in Mineral County and supporting local artists and arts organizations;
- Facilitating the growth of our community into an established regional arts destination.

I hope you will consider joining us! Membership opportunities are available for students, individuals, families, businesses and non-profits. Together we can expand art appreciation in our region, support and empower artistic expression, and encourage the next generation of artists.
